

Simple Ways to Get Present

(From Russ Harris 2018)

Take Ten Breaths

This is a simple exercise to centre yourself and connect with your environment. Practice it throughout the day, especially any time you find yourself getting caught up in your thoughts

and feelings.

1. Take ten slow, deep breaths. Focus on breathing out as slowly as possible until the lungs are completely empty—and then allow them to refill by themselves.
2. Notice the sensations of your lungs emptying. Notice them refilling. Notice your rib cage rising and falling. Notice the gentle rise and fall of your shoulders.
3. See if you can let your thoughts come and go as if they're just passing cars, driving past outside your house.
4. Expand your awareness: simultaneously notice your breathing and your body. Then look around the room and notice what you can see, hear, smell, touch, and feel.
